

**SPECIAL  
EDITION**

SPECIAL EDITION JUNE 2014 EDITION

**IMPORTANT UPDATES – JUNE 2014**

**BLACK POINT PROGRESS ASSOCIATION INC.**

### **BOAT RAMP**

The new improved Black Point boat ramp is now fully operational and it is anticipated an official opening will be held in late July.

Andrew Cameron (Council CEO) has advised that the boat ramp ticket machine is installed and operational, but will not be enforced until 1 July.

### **DEPOSIT DRINK CONTAINER RECYCLE BIN**

The BPPA is trialling a deposit drink container recycle bin with the help of Black Pointer, Bob Walkley.

Currently a blue rubbish bin has been placed adjacent to the BP Caravan Park that accepts drink containers that attract a cash return deposit. Bob has kindly donated his services to manage this facility, with all money going to the BPPA. Pleasingly, the bin was fully utilised over the recent Easter break but disappointingly general rubbish also was included, both inside and outside the bin.

The trial will continue and possibly expand, depending on how this service is treated.

So please, no rubbish, including wine bottles, either in or outside the bin PLEASE.

### **BP SURVEY 2014**

Thank you very much for all those who have returned the BPPA 2014 Survey.

This a great way for you to have your say on matters important to you and what you would like to see or not to see at Black Point, our paradise.

If you have not returned the survey, we are giving you one last chance – up to the end of this week, Friday the 6th of June. So please give us your constructive thoughts – and yes you can remain anonymous. [Save time, do it online!](#)

A survey report will be included in the Winter Newsletter.

### **MAXINE HAWKE PARK WORKING BEE**

**Sunday 8th of June. Starting at 9am until noon.**

At this time of year we always hold a working bee associated with the Maxine Hawke Park which either centres around planting or maintenance.

This is a great day which does not need to be at all strenuous but does give Black Pointers an opportunity to meet others and feel attached to our Community.

We have identified some bridal creeper and seedlings of Acacia Cyclops & boxthorns that are all declared weeds, which we can attend to and there are some broken tree limbs that can be trimmed.

Additionally, the removal of some of the tree guards from the last seedling planting would be beneficial. So, we have a variety of tasks that cater for people with different capabilities.

Then, a **free** barbecue/drinks at shack 46. Sounds like a pleasant day to me!

**Meet at the Fire Trailer shed (Down the trail opposite shack 132). Bring; Gloves, spade or grubber & Community attitude!**

**Cheers, hope you enjoy your time at Black Point.**

**COMMITTEE**

#### **Chairperson**

Kate Van Schaik
